

# Active / Passive Moderate Growth 70% Equity Allocation Portfolio

## Investment Strategy

Tru's Active / Passive portfolios are long term oriented, diversified, multi-asset portfolios that invest in active funds, passive funds, mutual funds, and ETF's. The Moderate Growth portfolio seeks long-term capital appreciation, primarily through investments in US and non-US equity funds, as well as modest allocations to a diversified mix of fixed income funds. The portfolio will experience volatility, but its fixed income positions should provide a cushion in tough market environments. This strategy is intended for clients with at least a 7 to 8 year time horizon.
