

Foundational Aggressive

98% Equity Allocation Portfolio

Investment Strategy

Tru's Foundational portfolios are long term oriented, multi-asset portfolios that invest in four to five low cost ETF's. These portfolios have lower account minimums to help investors with lower account values have access to professionally managed, reasonably diverse investments. The Aggressive portfolio seeks long-term capital appreciation, through diversified investments in domestic and international equity mutual funds and ETF's. The strategy is susceptible to market volatility but offers the opportunity for the highest return level over multiple market cycles. It is intended for financially stable or young investors with at least an 10 year time horizon.
